

JUNIOR PROGRAMMES

ACTIVE ENGLISH WITH CORK ENGLISH COLLEGE

CEC has been arranging activity programmes for groups of teenagers since 1978 with great success. The junior courses' objective is to improve the students' use and command of the English language, not just in the classroom, but through a wide variety of activities. We are aware that the time spent by the student outside lessons and organised leisure activity time plays an equally important role in the overall language holiday experience. All of our activities are fully supervised by professional trainers and all centres are recognised by the Department of Education.

Description of Courses

These courses offer a combination of language tuition with sporting and cultural activities. The students are carefully graded on their arrival and levels range from beginners to advanced. These courses consist of 20 lessons (15 hours) formal tuition in the mornings or the afternoons (max 12 – 15 students per class), full programme of sports, excursions, projects and video sessions. Evening activities include discos, karaoke, bingo and video evenings. These courses are restricted to juniors aged between 11 – 17 years.

JUNIOR PROGRAMME

HIGH SCHOOL PROGRAMME HS10

Course Aim

CEC offers a high school programme for young learners who wish to improve their skills by attending a secondary school in Ireland. This is a unique opportunity for students to experience the educational system in Ireland while at the same time improving their own language ability. The programme is ideal for students who would like to study at third level in an English-speaking country after finishing their secondary school education or who intend to take up studies through the medium of English in their own country.

Course Description

CEC works with a number of partner secondary schools in Cork City and suburbs. The partner schools we use have been carefully selected based on their performance as educational institutes and on the excellent results which their students consistently obtain in the final school-leaving examination. The percentage of students from these schools who go on to study at third level institutes is very high, averaging 80 to 90% of school leavers from any one year.

CEC offers the programme in both day schools and boarding schools to young learners of a school-going age between 13 and 18 years. Most students attend 4th year, also called Transition Year, but we also offer places in other years. While on this programme and attending a day school, students are placed with a longstanding host family.

"My second home ! I love CEC and I love Cork. I would to stay here for ever!"

Boero, Italy

"Choosing CEC was the best choice. Through classes with passionate teachers in good facilities, and various activities, I could meet good friends and teachers as well as improve English skills. Especially, I could gain confidence in English with a comfortable class atmosphere, and improve my English skills further with kind and meticulous feedback from the teachers.

Even in the unexpected COVID-19 situation, I was able to receive high quality, systematic online classes and activities that did not lag behind face-to-face classes. I was really touched by their caring about students like this. I'm so thankful to let me have the best experience at Cork."
